NEVILLE HIGH SCHOOL

O Neville High we sing to thee
O Neville High we praise
O Neville High we bring to thee,
Our love, of all our high school days.

You stand a mighty fortress
On Monroe's cherished land.
God bless you, Alma Mater,
Forever may you stand.

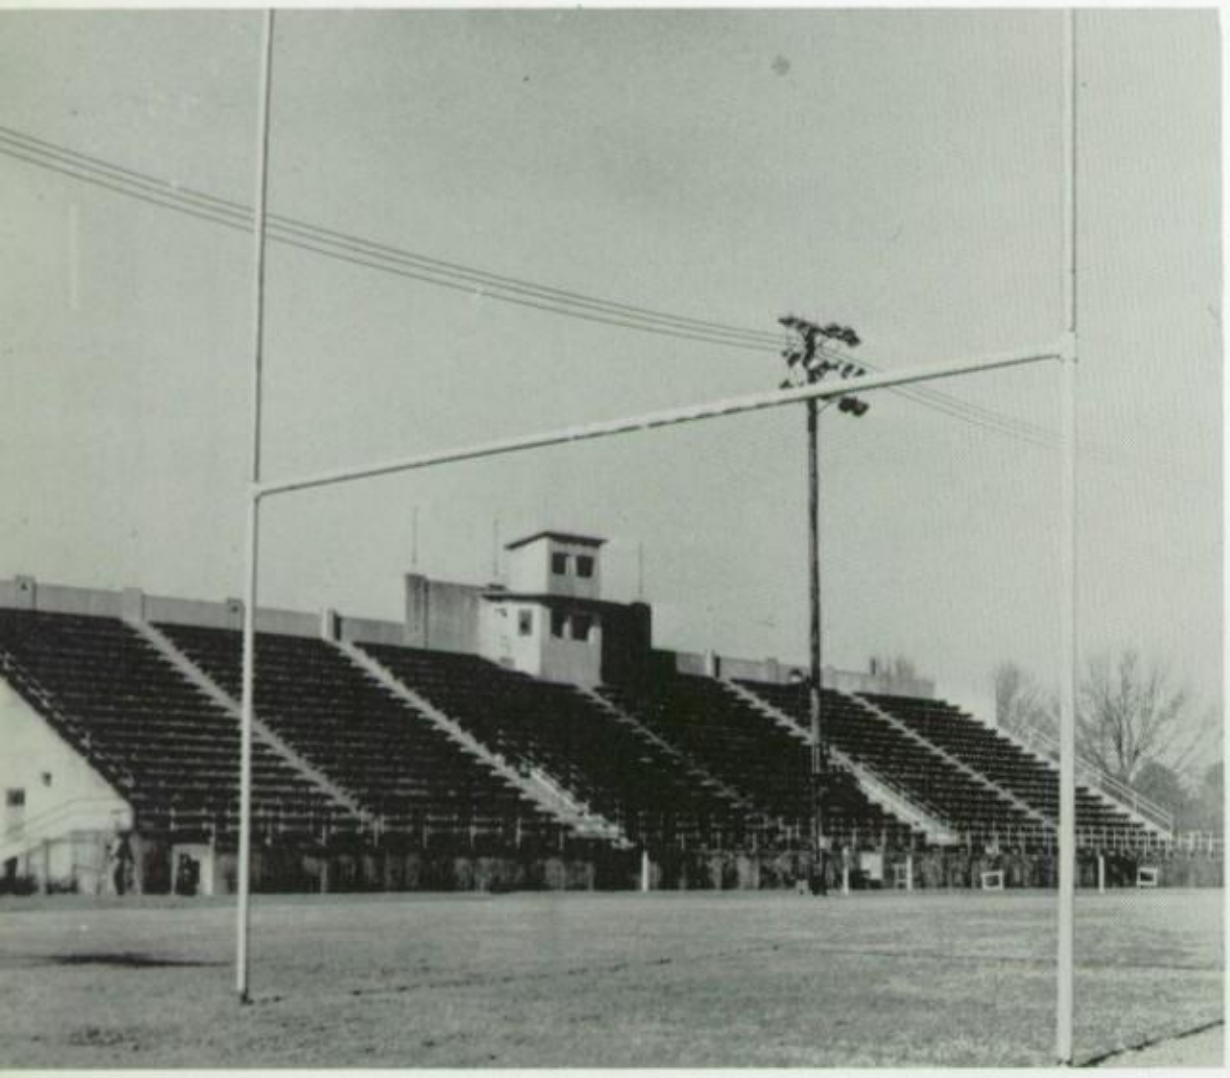
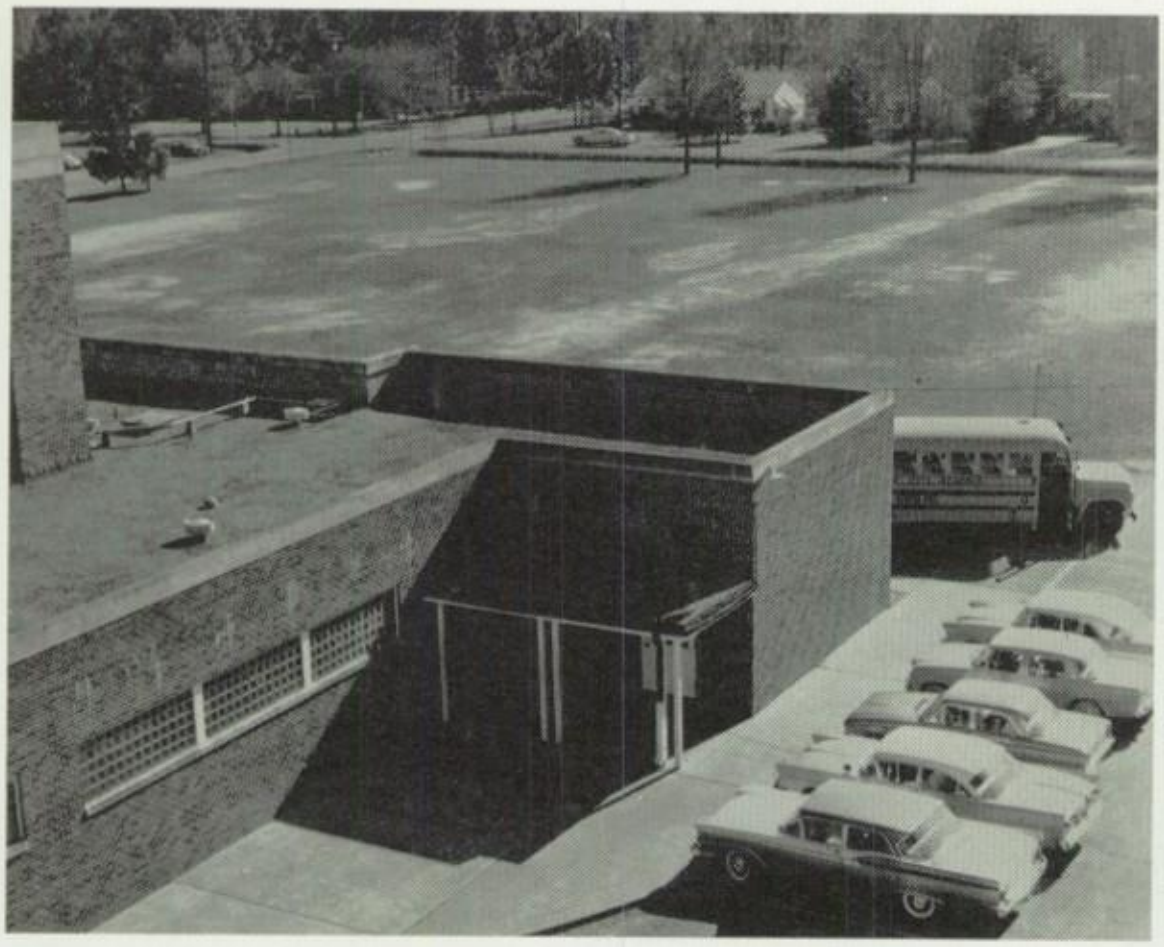
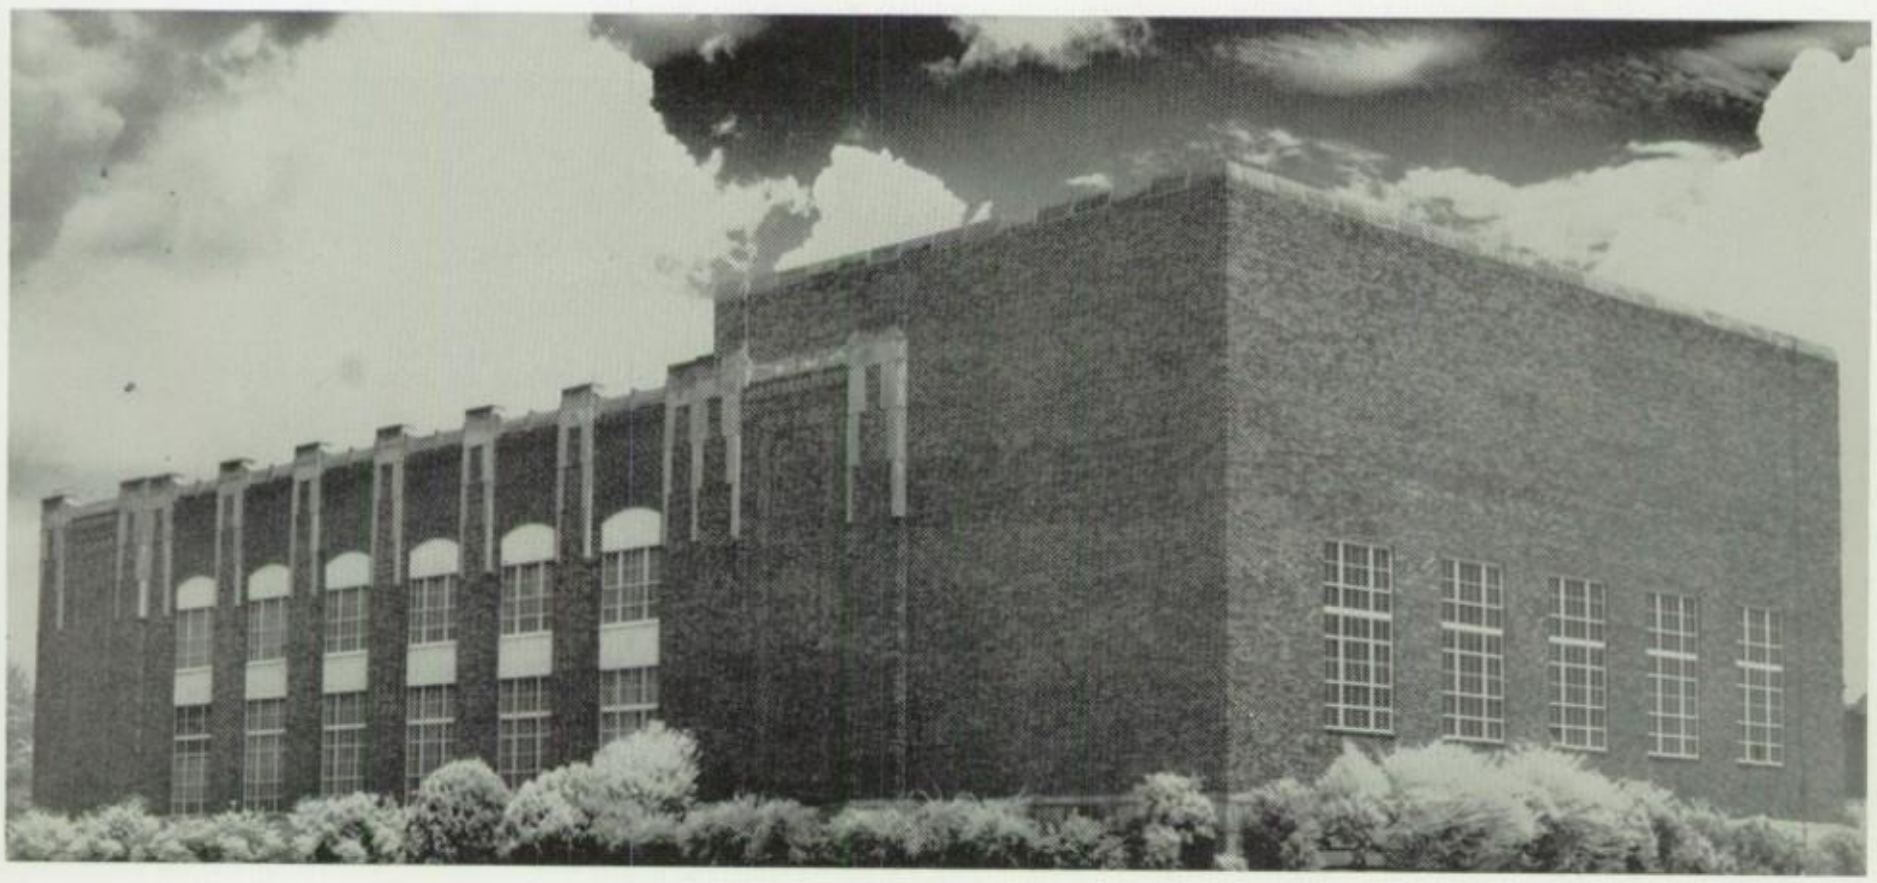
O, Neville High, we



sing to thee . . .

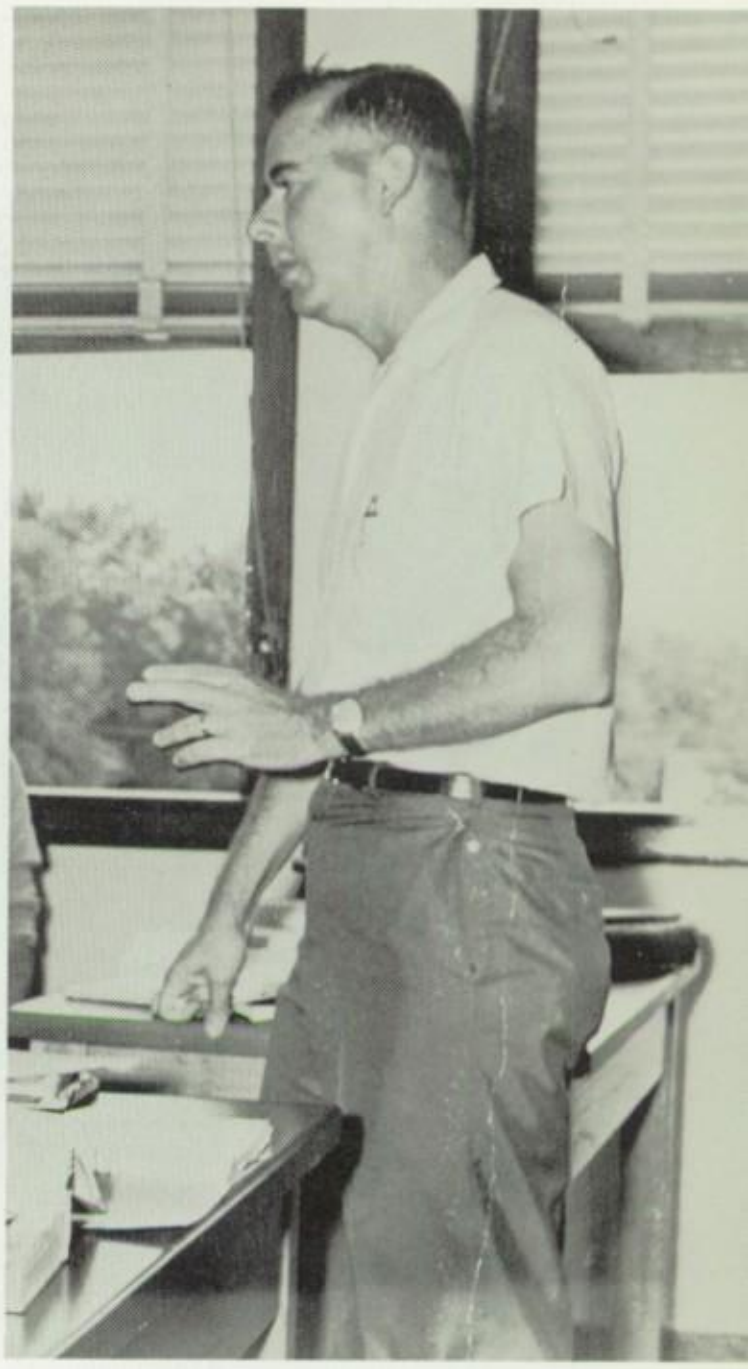




O, Neville High

The world of Neville always hums with activities. It is composed of study in the classroom, a giggle in study hall, a moment of quietness as the flag is raised each morning, preparation for the future, work during a convention, carrying out traditions as the seniors march in for assembly, and just talk. Pleasing circumstances, students with a sense of duty, and pleasure—all are a part of the students' realm at NHS.

we praise . . .



O, Neville High we

School spirit rides high at Neville. Student life is an active one. Whether it's helping to decorate a car for the homecoming parade or squaredancing during a Hootenanny, there is always some activity for the student to participate in and enjoy. Many activities are carried on to help boost the spirit and morale of the school as well as the teams themselves. Striving to prove their loyalty students yell at pep meetings, attend the big game, and decorate for the parade.

MR. VAN D. ODOM
Superintendent of Monroe City Schools

The Monroe City School Board is not seen by the students in everyday school life, yet the school could not function without it. With the welfare of the school and the student body in mind, the Board does all the long-range planning for new school buildings, new teachers, and better facilities.

The Board members hold monthly meetings during the school year. Meetings are open to the public. School Board members are elected to their offices by the community and serve a term of four years.

Miss Douciere helps Juniors and Seniors decide which college would be right for them.

Mr. Lytle helps bewildered freshmen and sophomores choose their high school curriculum.

For everyone there is a so-called key to the future if he only looks for it. To help students find this key is the goal of the Neville guidance department. Whether it's choosing a college or vocation or the proper courses to take, the students may always take their problems to one of the counselors in Room 107. Testing services are also provided. What freshman or junior has forgotten those annual I.T.E.D. tests?

Library offers a new world of books.

Miss Genevra Washburn

Ralph Waldo Emerson once wrote: "Consider what you have in the smallest chosen library. A company of the wisest and wittiest men that could be picked out of all civil countries, in a thousand years, have set in best order the results of their learning and wisdom . . . written out in transparent words to us, the strangers of another age." For those who wish to search for enjoyment or knowledge through the world of the written word the Neville library offers books on all subjects, periodicals, reference materials, and newspapers. Without the library how could all of those term papers and reports have ever been written?

The English Department is perhaps the most essential, for it is here that students gain skills which form the basis of learning in the other classes at Neville. As English students composing themes, searching for information for research papers, parsing sentences, writing book reviews, or studying literature, all members of the student body profit from stimulating discussions, acquire knowledge, and build a strong foundation essential for the effective use of the language.

Mr. D. W. Griffith

Mrs. Virginia Mullins

Mrs. Ruth Smith

"New Math" is a phrase often heard recently. Following this new trend in teaching mathematics, Neville offers courses which utilize modern techniques and vocabulary in helping the student understand why an algebra problem, for example, has a certain answer. Mathematics students fill their minds with problems on percentage, factoring, logarithms, etc. Courses are offered in Algebra I and II, Advanced Mathematics, Geometry, General and Senior Mathematics.

experience for future citizens

"Find out what is going on in the world around you," seems to be the command of the social studies' teachers. Students in history and civics classes discuss not only events that occurred hundreds or even thousands of years ago but also events of today that perhaps seem to be repeat performances. All junior and senior students are required to take American History; civics is also required. As supplements to these basic courses, world history, economics, and government are offered to those who wish to extend their knowledge. Since 1963-64 is the time for state and federal elections, students often carry on mock campaigns and elections.

college or career.

Today the business world looks for a college education in its members. Preparation for successful college work must begin in high school typewriting, shorthand, bookkeeping, or clerical practice classes. In a regular day of study in the commerce department, one can hear the sound of typewriters and adding machines as students gain practical knowledge to be put to use on the job or in the college classroom.

General science, biology, physics, and chemistry—all are offered and the large enrollment in these classes indicates an ever increasing desire on the part of students to participate intelligently in a society where things scientific are the big news of the day. To supplement classroom work, lab sessions are planned so that students may perform experiments that are explained in the textbook or class lecture.

communications.

Many varied and intricate courses are offered in the field of Industrial Arts. Mechanical drawing, "the language of industry," is the method by which ideas, plans, and exacting specifications are conveyed from one person to another. Architectural drawing deals with simple building. Courses are offered in woodworking where students learn to work from the simple to the difficult.

The art courses are broadly planned to provide students an opportunity to recognize and make use of art principles in order to increase their appreciation of beautiful things and to enable them to improve their surroundings. Giving students practice in the techniques and skills needed to utilize paint, clay, or wood to express their ideas is a goal of all art classes.

understanding of other nations

The best way to understand another nation is to speak its language; only in this manner may we understand culture. Through the mastery of a language, a student is able to gain a richer background in literature, art, and music. Latin, French, and Spanish are offered at Neville. Students learn to speak, to read, and to write the language. To supplement classroom work, a language laboratory gives the students in French classes an opportunity to hear tapes of authentic French voices. Reading and analyzing the works of Virgil is an activity in which all Latin students participate. A language derived from Latin in which students may gain credit for three years is Spanish.

Karen Bunn shows the class a chart showing work in a French kitchen.

Stress is placed on both indidivual and team competition, for football, baseball, basketball, track, and golf are offered as opportunities for the students to develop physically. The girls may also participate in such extras are table tennis and dancing. In all activities the emphasis is on helping to improve the physical fitness of the students.

Music is offered in the high schools to develop a deeper appreciation of music, a better understanding of its influence in building a spirit of group fellowship and co-operation, and an increasing power of self-expression through use of native talent. As an elective subject, courses are available to all students interested in vocal or instrumental music. Students have the opportunity to perform, before the student body or a community group. Also encouraged is student competition for such honors as All-state band, orchestra, or chorus.

ORGANIZATIONS, CLUBS, ACTIVITIES

Student Council hosts 800 delegates

As Linda Williams questions Mr. Lee, Jill Marx and Brenda Riddle register a visiting sponsor during the SASC convention.

The purpose of this organization is to promote better understanding among the administration, faculty, and the student body.

The Student Council participated in many activities to raise funds for the Foreign Exchange Student Program and the program for sending the new Student Council president to the National Convention in Miami. Such activities towards raising the money were a talent show and a book store, where paper bound books are sold.

This year Neville hosted the S.A.S.C. Convention consisting of 800 delegates from the Southern States. The administration, faculty, and the student body took part in launching this convention to success. At the state convention in Shreveport, Mr. J. R. Lee, sponsor of the Student Council at Neville, was elected Executive Secretary of Louisiana and will attend the National Convention.

The Inter-Club Council, a newly organized council, consists of the presidents from all the Neville organizations and its purpose is to schedule the meetings of the different organizations so that these meetings will not conflict.

Service is the key word in describing the Key Club of Neville High School. Under the sponsorship of Mr. Cascio, club members have participated in many school and community activities. Clubbers served as a taxi committee to transport visiting delegates to the S.A.S.C. convention. The sign in front of the school which announces ballgames, programs, etc., is also a Key Club project. During the state elections held during the fall several members helped speed the voting procedure by showing the voters where the machines had been set up.

Americanism Club conducts mock election . . .

The Americanism Club of Neville High School was formed to promote the ideals of the American way of life and to combat the perils of Communism. Mr. George Phillips, with the assistance of the social studies department, is the present sponsor. Although the activities of the club include panel discussions and guest speakers, the most outstanding activity this year was the mock election of state and national officials. The Neville students wishing to vote were required to take a citizenship test, register, and vote in a manner similar to the real election procedure.

Helping to conduct the mock gubernatorial election were Bill Hollingsworth, Milann Gannaway, Gayle Smith, Lane Allen and Ted Standley.

Members of this year's Americanism club include Frank Crouch, Ronnie Haneline, Jane Edwards, Deas Parrish, Robert Evangelista, and Bonnie Baldo.

Red Cross members chosen from home rooms . . .

The American High School Red Cross was initiated at the request of leading educators in 1917. Its purpose is to enable students, through their regular school program, to participate in community services. High School Red Cross is open to all students. In 1918 Supt. E. L. Neville, one of the Charter Members of Ouachita Parish Chapter, called together school teachers and formed the first Junior Red Cross in Ouachita Parish.

In one of the most ferocious defensive battles in the Twin Cities' grid history, West Monroe ended a five year drought against Neville by stopping the Tigers 14-12. After battling Neville on the Rebel 20 yard-line, West Monroe began a march in the second quarter which netted them their first score. In the second half Neville obtained possession of the ball, and on a keeper play quarterback Doug Cookston scored Neville's first touchdown of the game. Having recovered a fumble on the Neville five yard line, West Monroe plunged over the goal line and put the Rebels ahead with only a few seconds left in the game. Bastrop scored its second touchdown in the third quarter, going 50 yards in five plays. In the second period, Neville punched down to the Rams' 30 where the Rams held on downs. Neville completely dominated the second half, racking one hundred and twenty-five yards on the ground to Ruston's twenty and scored late in the third quarter. Gary Pappas picked up the Neville score when he plunged over from the two on an off-tackle play around the left side. Cheerleaders introduce "stomp-clap" . . .

One of the greatest ambitions of most Neville girls is to become a Tiger Cheerleader. Candidates practice in the Spring and appear before the student body in a sort of audition. The general student body votes on six girls to fill the bill. After the election, the Cheerleaders practice during the summer, often going to cheerleader camp. During the regular football season and during playoff games the cheerleaders make colorful posters and perform other spirited services for the teams. Miss Jane Whittington has sponsored the varsity cheerleaders since 1956.

CLASSES

Chosen as Most Outstanding seniors by the Optimist Club were Gary Holt and Marcia Frost.

Malcolm Smith serves as

Since that first harrowing day when Momma grasped our reluctant hand firmly in hers and headed for the nearest grammar school for enrollment purposes, we have been told with sometimes irritating regularity that our senior year would be the best one of all, and—it is. We've done all the things that seniors by tradition must do, and some new ones, we suspect. At the moment we honestly believe that we shall forever remember the first assembly, the senior privilege, football season, the Christmas assembly, the class rings, the divided homerooms, the Junior-Senior prom, and a million others. We won't, but it's part of the wonder-world of being a senior to think we shall.

Anchoring the mile relay team was Jimmy Howard, also elected captain by his teammates.

Tiger trackmen were guided by Coach Buck Stewart.

Coach Buck's track and field team opened the 1963 season by sending eight athletes to the Memphis Jaycee Indoor Track Carnival at Memphis, Tenn. Senior Fred Vogel shattered a meet record in winning the 60 yard low hurdles in a time of 7.3.

The next meet that the boys participated in was the Quadrangular meet at Neville. Neville got outstanding individual performances from Fred Vogel and Jimmy Howard, plus a fine team effort, to capture first place in the first home meet of the 1963 season.

1963 track team members were from left to right: *first row:* Barry Mullins, Lee Albright, Robert Goorley, Jerry Braud, Russell Grantham, John Graham, Doug Cookston, Eric Borgkvist; *second row:* Fred Vogel, Tommy Sparks, Jimmy Howard, Gary Pappas, Bobby Taylor, Steve Rugg, Joe Canal, Freddy Moses; *third row:* Jerry Lindsey, Walter Causey, Gary Holt, J. The Tiger high and low hurdlers were from left to right: Robert Goorley, J. Dodd Brooks, Fred Vogel, and Eastland Gray.

Winning first place in 880 Relay in The State meet were Gary Holt, Robert Goorley, Fred Vogel, Jimmy Howard.

At the quadrangular meet at Ruston, Neville remained undefeated in team track and field competition by winning in a four school prep meet run in conjunction with a dual college meet between Northeast State and Louisiana Tech. Gary Pappas, Fred Vogel, and Jimmy Howard paced the Tiger cindermen to 69 points in their second team competition of the year. The speedy Howard took the 440 in 51.0 and anchored all three winning Neville teams. Vogel won the low hurdles in 20.1, tied with Jonesboro's Richard Vail in the High hurdles (15.3) and was second behind Pappas in the 100 and participated in the 440 relay. Pappas was clocked at 10.6 in the 100 and 22.8 in the 220, both winning times.

Neville handicapped by the loss of speedster Jimmy Howard during the course of the Pineville Invitational Meet, was third with 44 1/6. Neville was second in the 440 and mile relays and finished third in the 880. The Tiger's only first came from the hurdling of Fred Vogel who took the high hurdles in 15.2, while teammate J. Dodd Brooks was fourth in 15.4. Vogel also won the low hurdles in 19.8. Running in a makeshift team in the mile relay were Eric Borgkvist, Robert Goorey, Jerry Braud, and Kurt Guelzow. They came in second with 3; 34.6. Guelzow came in second in the 440 yard dash in 52.7.

Fred Vogel, a senior, set a new record in the low hurdles and was top point maker.

Fred Vogel sets new records

Vaulters on the 1963 track team were Joe Canal and Bobby Taylor.

Neville's injury-riddled Tigers had their work cut out for them when they defended their title in the fourth annual Neville Relays against a rugged eight-team field which included powerful West Monroe. A full scale assault on meet records was expected if weather conditions remained good and West Monroe was expected to lead the attack. Eight records did fall and for the first time in the history of the meet West Monroe won the team championship. Neville came in second. Outstanding performances for Neville was by Fred Vogel who bettered the former 20.5 record in the 180 low hurdles with a new time of 20.3 and by Jim Howard who set a new record in the 440 dash with a time of 50.4. Howard also anchored the Neville mile relay bringing in another first place for the Tigers, his running mates were Robert Goorley, Eric Borgkvist, and Jerry Braud. The team finished in 3;30.6, three tenths of a second behind the existing record set by a Neville team of last year.

On April 19th at the Rebel Relays Neville finished with 69½ points. The Bengals won the 880 yard relay and mile relay. Jimmy Howard anchored in both of them. Fred Vogel won the 120 low hurdles and raced to victory in the 180 yard relay team. Vogel won the outstanding track man award of the meet. Gary Pappas won the broad jump with a jump of 20' 7¾". In the Twin City Meet the Tigers brought home all three relay trophies.

The Neville Tigers came in fourth in the annual Ruston Invitational meet. Jimmy Howard gave his best individual performance of the entire season in the 440 yard dash. Fred Vogel, also smashed a record in the 180 yard low hurdles. The Tigers captured first in the 440 and 880 relays to make it a clean sweep.

Neville came in second in the district AA meet, with 79 points. Vogel won the 180 yard low hurdles and the 100 yard

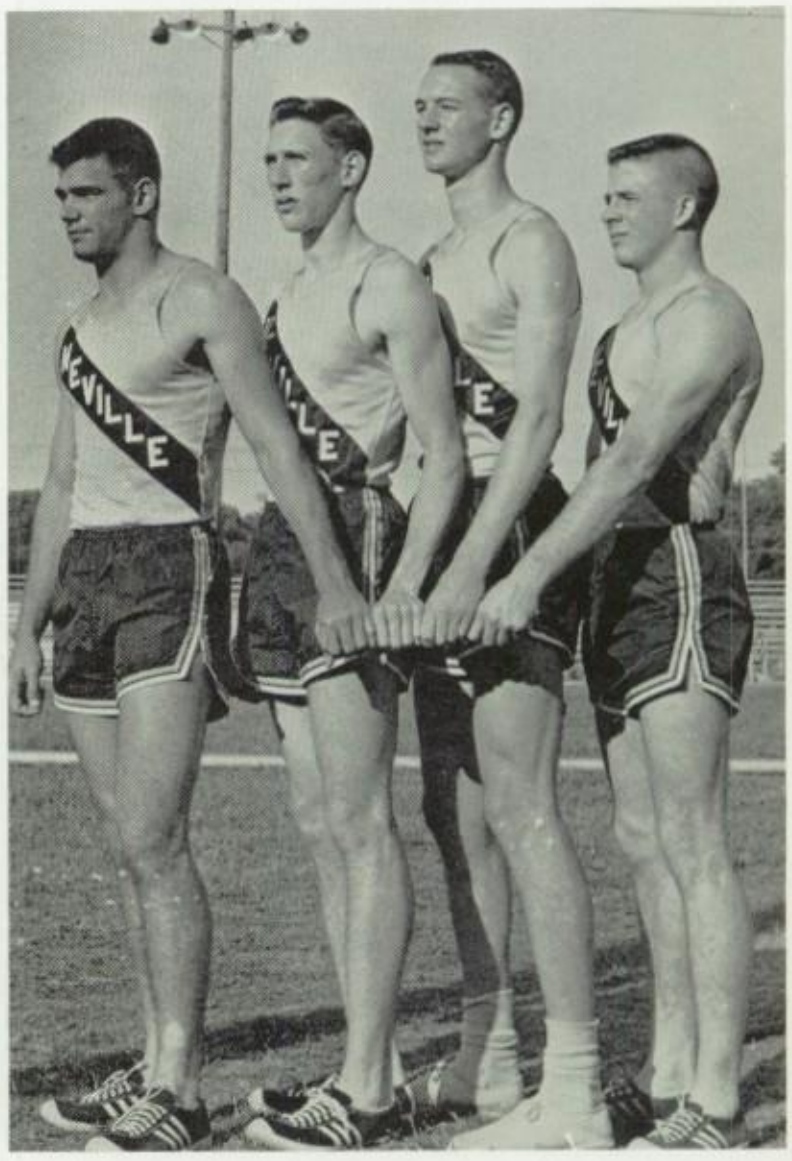
Neville tied for third with DeRidder in the State AA Track Meet. Goorley, Howard, Vogel, and Holt raced to victory in the 880 relay. Jimmy Howard also placed first in the 440.

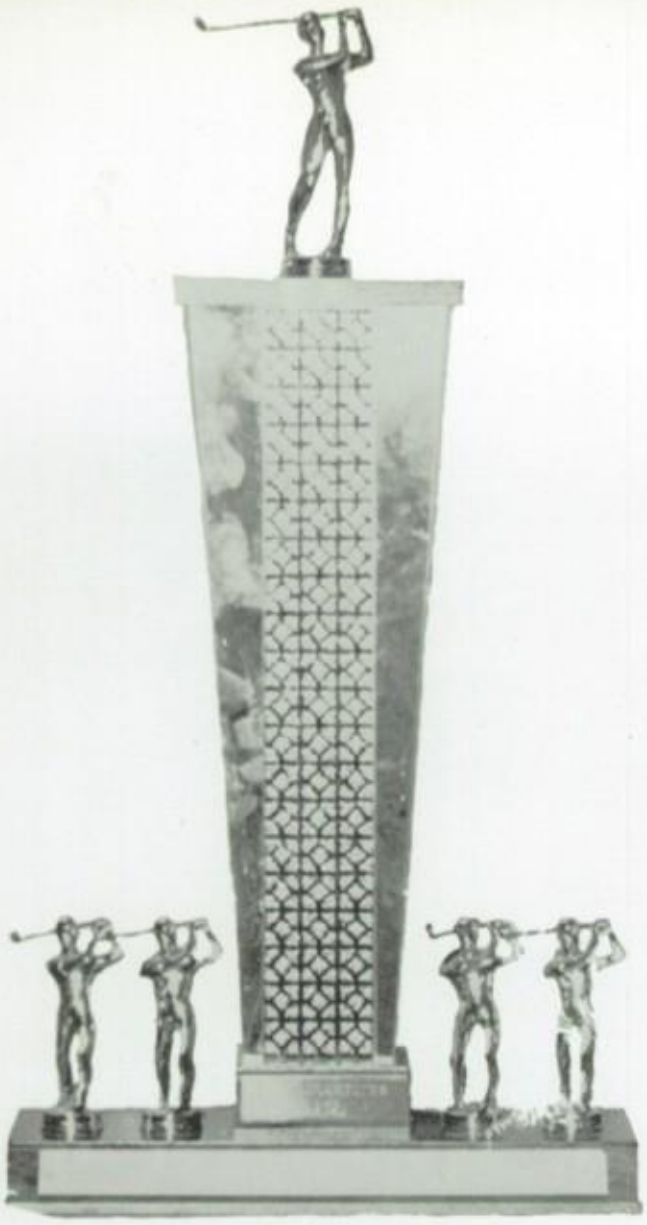
Tiger team members who qualified to enter the state AA meet in Lafayette were *first row left to right:* Eric Borgkvist, Robert Goorley, Jim Howard, Jerry Braud; *second row:* Bobby Taylor, Kurt Guelzow, Gary Holt, Fred Vogel.

Seniors Robert Goorley and Randall Fallin will be missed by the Tiger team.

The Tiger 880 relay team was composed of from left to right: Gary Pappas, Fred Vogel, Gary Holt, and Jimmy Howard.



Tiger Champs Continue



It's a world of tees, holes, and traps. It's a sport enjoyed by youths as well as adults. Neville's compact golf team composed of only four boys, John Garrett, Ray Mulhearn, Henry Cole, and Ricky Hyland, pursued this more refined sport with high hopes of coming out on top. Golf requires physical skill as well as patience and self-control. This year our spirited Tiger team was able guided by Coach Reeves as it advanced from fairway to State AA Golf Champions.

Dovie Roberts elected to state JCL office

Dovie Roberts was elected to the office of State Parliamentarian at the Junior Classical Convention.

Initiates were inducted into the Neville High School Latin Club in early March at the Annual Initiation banquet. A local restaurant was transformed into a gigantic Roman banquet hall where new members were "sold" to existing members as slaves. The slaves were required to serve their masters for the following week. The gaiety ended in a ritual taken by the slaves who were joining the organization.

Terry Hessick trains his slave, Art Smith, as Gordon Hesdorffer waves at the cameraman.

Slaves Wanda Langley, Charles Frost, Billy Walker, Rebecca Hull, Margie Burkett, perform a skit to entertain their masters at the Latin Club banquet.

French Club tours French Louisiana

Last year's French Club trip was a tour of southern Louisiana, and a visit to the Foreign Language Festival at Southern Louisiana State College. Highlights of the trip were a typical Cajun dinner of crayfish, tours of Breaux Bridge, Jungle Gardens, the tobasco factory, the Evangeline Oak and several historic homes. The two day trip was enjoyed by everyone.

Faye Cannon, Fran Shattuck, Jill Marx, Jan Mason, Barbara Buckner, Janet Moses, and Phyllis Freeman enjoy a crayfish meal cooked as only the Cajuns can cook.

Judy Abington, Bruna Clerico, and another French Club member admire the lovely homes that were seen on the French Club Tour of south Louisiana.

Mr. Lytle, one of Neville's guidance counselors enjoys the French Club Tour.

FHA active throughout the year

Last summer Wanda Langley, President of the Neville FHA Chapter, was a delegate to the FHA National Convention.

Nancy Talbot attended Camp Miniwanca, a leadership program, held in Stony Lake, Michigan.

Left to right: Officers Anne Breard, reporter; Sally Pierce, secretary; Nancy Talbot, vice-president; Wanda Langley, president; Dovie Roberts, historian; and Carol Genung, Parliamentarian: were installed in the spring at the Annual Mother-Daughter Banquet.

Neville receives long awaited Tiger.

Members of the Tiger committee were Kathy McSherry, Jim Caverlee, Donna Porter, Judy Searcy, and Jan Reagan.

During an assembly in the spring of 1963 the Neville student body welcomed the symbol of Tiger Spirit, a Bengal from Florida. The entrance of "Shasta" which is his training name climaxed months of work by the Student Council Tiger Committee, who co-ordinated efforts of supporters all over the city—shown to the students by Kit Beecher, Director of Bernstein Park Zoo, where the tiger makes his home, Shasta appeared to be only a playful kitten, who would grow to a size truly representative of Neville spirit.

Judy Searcy, Susan Sherrouse, Faye Cannon, Kit Beecher, Til Wright, Sally Ensminger, and Arden Anders are seen with a most important Neville student, Shasta Tiger.

Can you find someone you know?

The last word . . .

February, that sometimes snowy month, seemed so far away when we first started school in the fall. Suddenly it had arrived and with such authority that it seemed like some kind of monster daring us to meet the final deadline for Monroyan 1964. As that final deadline was met, we all sighed with relief and with a hint of loneliness. There's no more crying, begging, or screaming about a lost picture that somehow manages to turn up. And with each crisis there was also the monstrous deadline February 20 looming before us.

Deadline became the password around Room 237. Candy bars became snacks between the hamburgers. (And we doubt that there is a staff member who can look a hamburger in the eye without remembering those long hours spent at school finishing up!) We stayed after school for work sessions when a section or page had to be re-done when not a picture or section of copy would fit anywhere. Still there was that February 20 deadline.

On the day of mailing the copy sheets to Dallas, pictures had to be taken, the index finished, and numerous other little "details." But finally, after chopping our way through scotch tape, we waved to the 7:30 jet taking our Monroyan to the publishing house. We had made that golden deadline, February 20.

Our thanks go to many people without whose help this volume of the Monroyan would never have been: the faculty of Neville High School, whose members were so co-operative when pictures were made of their classes; the administrators; Mr. Bob Sale; The News-Star-World which furnished us with many sports pictures; Mr. and Mrs. John Sherrouse, at whose home the favorites' pictures were taken; and the advertisers.

Final rush.

my neck of the woods; I would have
dead without you! You've got great

shake like a big guy like
